

Take your business online with our relief options. We are waiving set-up costs and monthly software fees on the Converge platform through September 30, 2020.\*

- › Converge – \$10/ month value
- › Converge with Tokens – \$29/month value  
- Includes added security benefits

## Accept Payments. Period.

Accept payments in any way your business requires. Over the phone, by mail, online or on-the-go. Converge is a payment platform that enables you to grow your business the way you want. It was built to be truly flexible so you can add or remove services as your business changes. With this customizable approach, you have the ability to add terminals and printers as your business grows. Or you can start accepting payments on your computer, laptop, or tablet with our Virtual Terminal. Converge is an integrated solution – which means you can access all of your devices at every one of your locations with one single login. Once you login, you can manage all aspects of your business’s revenue with one fully integrated, easy-to-use dashboard.

**\*Terms and Conditions**

- This relief effort is valid for new and existing Elavon customers that sign up for Converge Next Gen or Next Gen with Tokens from March 26, 2020 through September 30, 2020.

**Converge**

- Monthly charge of \$10/month will begin billing in October 2020.

**Converge with Tokens**

- Monthly charge of \$29/month will begin billing in October 2020.

**Other terms and conditions apply:**

- During this relief effort, all card network interchange, assessments, annual, chargeback, voice authorization, monthly service or minimum monthly fees and other per transaction fees will be collected.
- Clear & Simple pricing program has a \$10 or \$30 monthly program fee (depending on processing volume) that is included. Offers can vary by customer pricing programs.
- Cannot be combined with another offer.
- Elavon reserves the right in its sole discretion to modify, suspend or terminate the relief efforts at any time.
- Restrictions may apply.
- Service provided by Elavon.

## Build Your Business with Converge

### Never Miss a Sale with Converge Mobile

Bring the checkout counter to your customer, wherever they are. With Converge Mobile, you have the perfect sidekick ready to go wherever your staff needs to be. Accept payment on delivery or use it as a backup in your store during peak times.

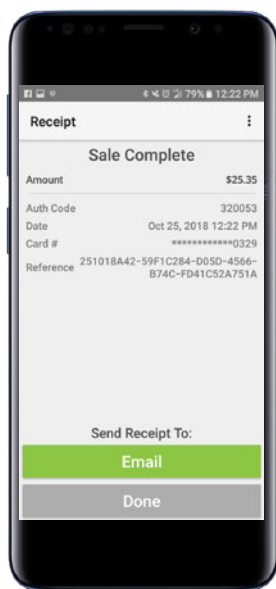

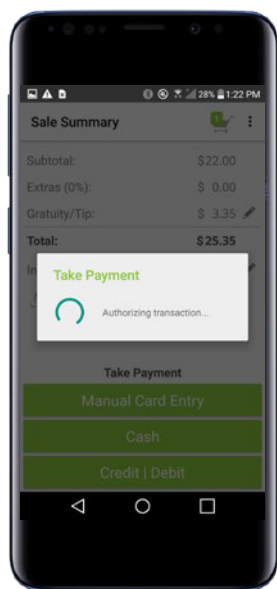

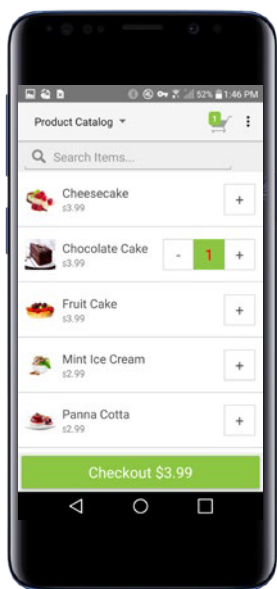

Set up is simple – all you need is a compatible Android or iOS device and our free Converge Mobile app. We offer optional encrypted card readers and mobile printers to help make each sale seamless. Or, if you prefer, you can enter card data directly into the app. No payment data is stored in the app or on the card reader so if either device is lost, broken, or stolen, your customer's payment information is safe.

### Improve Cash Flow with Online Invoicing

Give your customers the ease of paying invoices online while improving your business's cashflow. Send invoices by email – not snail mail and get funded as early as tomorrow when your customers make their payment. Everything you need to create an invoice, email it, and accept the payment online is built directly into Converge.

### Security with Benefits

Converge is a fully encrypted solution with add-ons that can help you manage your customer's card data with ease. Every payment made on the Converge platform is encrypted at entry, encrypted in transit, and encrypted at rest. Businesses who serve repeat customers can opt to add tokenization to their Converge account to securely store cards on file.
